# Code RED<sup>®</sup>

CodeRED is a FREE emergency notification service provided to all residents within Spartanburg County that will notify you of emergency information through **phone calls, text messages, emails, social media and the CodeRED Mobile Alert app**. The system will be used to keep you informed of local events that may immediately impact your safety. As a local resident, the Spartanburg County Office of Emergency Services/Emergency Management encourages you to take action and register your cell phone for this service and verify your home location during the enrollment process so we may target notifications that directly impact your home or business.
